SEPTEMBER 2026

THE PRACTICE & ITS FOUNDER

Medical expertise. Personal attention.

Tatyana Faynberg, DO, CWSP

FOUNDER & PHYSICIAN

Dr. Faynberg founded Phoenix after more than a decade of caring primarily for adults over 65 in wound care. That experience shaped an interest in helping people address health, function and confidence earlier in life.

Phoenix brings together medical weight management and advanced laser treatments through individualized, physician-led care. Consultations begin with health history, goals and a discussion of appropriate options.

Listening. Explaining. Educating.
Helping patients make thoughtful decisions about their care.

CURRENT SERVICES

Care built around you.

Medical weight management

Physician evaluation, InBody 580 body-composition analysis, nutrition and lifestyle guidance, follow-up support, and prescription medication when medically appropriate.

Advanced Fotona laser care

Personalized treatment options for skin texture, visible signs of aging, pigmentation, acne, scars, stretch marks and selected vascular concerns.

THE FOTONA COLLECTIONS

- 01 Phoenix Rise**
Facial rejuvenation, eye and lip treatments, and tightening options.
- 02 Phoenix Glow**
Laser peels, resurfacing, texture and pigmentation concerns.
- 03 Phoenix Restore**
Treatment options for scars, acne scars and stretch marks.
- 04 Phoenix Clear**
Acne, redness, selected visible vessels and benign skin concerns.
- 05 Phoenix Forge**
A collection of Fotona rejuvenation treatments tailored for men.

Treatment suitability is determined by physician consultation. Results and downtime vary. Wellness & Regenerative Support and Longevity-Focused Care are planned services, not current offerings.
